Standard Features & Accessories

All models include

- Hidden touchpad electronic controls with digital temperature readout
  - Inside temperature can be adjusted from 40 – 65°F
  - TruProtect™ system signals if door is left open or if temperature is out of set range
  - Sabbath mode disables audible tones, LED display and lights
  - Temperature can be displayed in either Fahrenheit or Celsius

- Capacity—24 bottles
- Six shelves cradle bottles horizontally to keep corks moist
  - Shelves are coated to reduce vibration and hold bottles snugly in place
  - Roller rack shelves glide in and out for easy access to stored bottles
    - Locks on shelf glides prevents shelves from being removed inadvertently
  - Shelves can be removed to store magnum or larger bottles
- Ultraviolet-resistant tempered glass and black interior protect wine from harmful light
- Maple wood facings provide additional ultraviolet protection

- Low-intensity lighting displays wine with minimal heat and light output
- Interior light turns on by switch or when door is opened
- Keyed door lock provides protection for stored wines
- Low-E argon-filled glass doors
- Install as undercounter or freestanding unit
- Must be ordered right or left hinge. (As you face unit, RIGHT has hinge on right side and handle on left side; LEFT has hinge on left side and handle on right side.)
